## The Challenge

### CLIENT RATING

Quality: 5.0

Schedule: 5.0

Cost: 5.0

Would Refer: 5.0

## The Approach

How did you find Triface International?

Online Search

Describe the scope of work in detail. Please include a summary of key deliverables.

We asked Triface International to improve the current animation on our website. This is done by creating a 3D model which will capture the essence of our product.

## The Outcome

Describe their project management. Did they deliver items on time? How did they respond to your needs?

Communication with Triface International was an extremely smooth process. They were responsive and would provide constant updates on the progress of the project. They are also open to our feedback and was able to successfully incorporate our feedback after looking at the improvements done to the 3D model we have asked for.

What did you find most impressive or unique about this company?

They provided quick responses, hence it was easy to communicate with them. They are also proactive by asking questions and clarifications on which areas they can improve on so they can provide a better output in their next update.

Are there any areas for improvement or something Triface International could have done differently?

None.
